Dato: 29.10.2015

**Dispensation til ændret prøveform, Statistics and experimental design**

Studienævnet for Kemi, Miljø- og Bioteknologi giver dispensation fra studieordningen for Bacheloruddannelsen i Sustainable Biotechnology til ændret prøveform på kurset Statistics and experimental design på uddannelsens 5. semester. Evalueringsformen ændres til 'internal written or oral examination'.

Dispensationen træder i kraft d.d. og gælder for alle studerende, også studerende der allerede er tilmeldt kurset.

**Exemption for revised format of assessment, Statistics and experimental design**

The Study Board for Chemistry, Biotechnology and Environmental engineering grants exemption from the curriculum for the bachelor program in Sustainable Biotechnology for a revised assessment format of the course Statistics and experimental design at the 5th semester of the program. The assessment format is revised to 'internal written or oral examination'.

The exemption will enter into force this day and applies to all students, including students who are already enrolled in the course.

Venlig hilsen

A handwritten signature in blue ink, appearing to be 'Niels T. Eriksen'.

Niels T. Eriksen  
Formand for Studienævnet for Kemi, Miljø og Bioteknologi
